

Profile

MCA Data Science student (MIT ADT, 2025–27) with 3 years of hands-on experience managing, cleaning, and reporting on high-volume datasets at JetSynthesys. Skilled in Python (pandas, matplotlib), MySQL, Power BI, and Excel-based MIS reporting. Built two end-to-end analytics projects analyzing 9K+ records. Actively seeking Data Analyst intern/fresher roles to apply these skills in a business analytics environment.

Skills & Abilities

- **Languages & Querying:** Python, SQL (MySQL, Oracle), Java (Basic)
- **BI & Visualization** Power BI, Tableau, Microsoft Excel
- **Libraries & Frameworks:** pandas, NumPy, Matplotlib, Scikit-learn (basic)
- **Developer Tools:** Git, GitHub, Jupyter Notebook, Google Colab
- **Database & ETL:** MySQL, Oracle, ETL Basics, Data Pipeline (conceptual)
- **Web (Basics):** HTML, CSS, Bootstrap, JavaScript
- **Core Analytics:** EDA, Statistical Analysis, Descriptive Statistics, Hypothesis Testing, Regression Analysis, Data Cleaning, Data Validation

Projects

HR Attrition Analysis | Python, Pandas, Power BI, Data Visualization [\(View\)](#)

- Developed an end-to-end analytics solution using Python and Power BI to analyze 1,470 employee records, uncover attrition trends, and provide actionable insights on overtime, salary, tenure, and job satisfaction.

Sales KPI Analysis Dashboard | MySQL, Power BI [\(View\)](#)

- Analyzed 9.6K+ sales records using SQL and Power BI.
- Identified key trends in sales, profit, customers, and regions.
- Developed an interactive dashboard for KPI monitoring and business insights.

Experience

Data Entry Operator | JetSynthesys, Pune | Aug 2022 – Aug 2025

- Managed high-volume data entry, validation, and updates using SAP SuccessFactors and Excel.
- Maintained MIS reports/trackers, performed data cleaning and error checks for reliable reporting.
- Ensured accuracy, compliance, and timely delivery through strong coordination and time management.

Education

Qualification	Specialization	Institute/University	Duration
MCA	Data Science	MIT ADT University	2025 – 2027
